

National Equipment Medical Programs

BANK RATES • SIMPLE INTEREST PAYOFFS • SIGNIFICANT TAX SAVINGS

WHO WE ARE:

National Equipment specializes in providing a variety of financing options to the medical industry. We have been in business since 1998 and represent several different banks, along with many different types of other financial institutions. We work with the customer to structure the finance or lease that best works for them.

TESTIMONIALS

GPS Medical—Brian Gill

"We have worked with National for many years and they get deals done. They are able to use their imagination to come up with lease structures that best fit our clients needs. They are our only source and make our job easier in the selling process."

Diversity Medical Clinic—Dr. Aref Senno

"We have worked with National Equipment and Bud Callahan for over ten years, and have used them to lease or finance most of our equipment for Diversity and our new surgery center. Bud has always worked with us to provide us with competitive programs that fit the needs of our business and tax structure."

\$1.00 Out Lease

- After the term the equipment is yours.
- With this type of lease you can use Section 179 for immediate tax savings this year.
- Simple interest payoff with no prepayment penalties.

True Lease

- After the term the equipment has a guaranteed residual.
- With this type of lease you are able to expense your payments for tax purposes.
- Simple interest payoff with no prepayment penalties.
